

CSS File Sizes Audit Report

#RespectCSS

CSS Auditors have one mission—to put the CSS under the spotlight and educate developers about its importance.

From file size to attributes and values, we try to find ways how to improve the way CSS could and should be written.

Sizes Report

In this report we are going to focus on CSS filesize. The aim of this report is to understand how much CSS code is needed to build a site.

Sites audited in this report:
